Summary Report

Business Opportunity Workshop Surrey Operations Centre, City of Surrey, Jan 24th, 2018

On January 24th, a variety of Greater Vancouver businesses participated in a circular economy-based, business opportunities workshop, part of Canada's pilot of a National Industrial Symbiosis Program (NISP). The special facilitation approach used at this event enabled participants to elaborate on their respective waste and resource management challenges, which were in turn shared with all participants. The result: 117 distinct resources were discussed by the workshop participants, and 258 potential resource matches identified! The NISP Canada team would like to thank all the participants, speakers, and volunteers who made this event a success.
