Business Opportunities Workshop, Devon Community Centre September 26th, 2018

Summary Report

On September 26th, two dozen Greater Edmonton manufacturers, businesses, and organizations participated in a circular economy-based, business opportunities workshop, part of Canada's National Industrial Symbiosis Program (NISP®). The special facilitation approach used at this event enabled participants to elaborate on their respective waste and resource management challenges, which were in turn shared with all participants. The result: **107 distinct resources were discussed** by the workshop participants, and **189 initial resource matches** were made! The NISP® Canada team would like to thank all the participants, speakers, and volunteers who made this event a success, and the Town of Devon for hosting the workshop.
